

# CONTRACTOR

 Total Industrial Solution

Technical specialist can be expensive to keep on-staff.

By partnering with our staff on an as-needed-basis you can retain this work without the added expense.

Can you provide technical support, trouble-shooting service and repairs of industrial controls products?

Do you want to keep competitors out of your base accounts?

For more information contact your State Electric Sales Representative or visit us at [www.stateelectric.com](http://www.stateelectric.com) for a list of our locations.
